What Other Students Are Saying About The Low Hanging System

 **Krista Hochwallner** I've mostly sold mugs, I've had two pillowcase listings which also sold but I have way more mug designs hence more orders for those. I've been selling on both Etsy and Amazon for about 6 weeks now, 65 orders from Etsy and about 25 from Amazon, though Amazon sales have started to pick up a lot in the past week.

Rachel Rofé, I just sold my first mug on Amazon today yahaayyy !! I entered the buyer's info manually to my GB dropship account and I saw the status 'processing' in there. I need to log back in to my seller account now and confirm shipment so I am waiting for the detail tracking numbers etc. I hope it wont take long.
I listed 13 mugs and about 15 poster just last week and did keywords SEO just like in your video! Thanks Rachel👏👏 !

Logged into Amazon today and got a great surprise. I now have the Buy Box for all of my mug listings! Now I can run Amazon sponsored products. Listed first mug on 6/20/16. Have made 8 sales and shipped 5. It may have been triggered when I confirmed shipment for 2 mugs today. Very excited!

I sold a necklace on Etsy yesterday. It sold for \$14.95 with \$4.95 shipping. I took the profit and now I am running Etsy promotions. I am hoping to get this going! My hubby is going to buy us the PPC course so I can make this a full time job/hobby!
